## BATTLE OF THE BANDS STARS!

May was a big month in the music world with the release of the Elton John biopic *Rocketman* and the Eurovision Song contest.

Closer to home the Endeavour Foundation held a Battle of the Bands at Eatons Hill Tavern. Rachael was a key member of the Lawnton Spikees, who had audience members up and dancing.

Talking to Tracey about the experience Rachael said that she was practicing really hard at her music and that on the weekend before the contest, the group decided to change their song.

Up against the Lawnton Spikees was the Red G's featuring Nancy on drums.

## END OF AN ERA

On 30 June 2019, S.C.O.P.E. provided our last disability support service under Queensland Government Disability Services funding., which ended our 30 year association with the Queensland Government. We take this opportunity to acknowledge and thank the Queensland Government for their support of over the years.

## WELCOME TO THE FUTURE

From 1 July 2019, all S.C.O.P.E. clients participate in either the National Disability Insurance Scheme (NDIS) or the Continuity of Support Program (for people over 65).

The aim of the NDIS is to improve choice and control for people with a disability. We are looking forward to strengthening the partnership method that we use to work with our clients and their families. We have

received a lot of good feedback in relation to our new planning tool, the Fortnight Delivery Plan and we are now rolling out our 12 week Progressive Lifestyle Strategies.

These focus on aspirational goals and strategies to achieve them. It involves our client, their families and the Scope Team working together on planning.

We believe that Progressive Lifestyle Strategies will help our clients and their families maximize the value of the NDIS package but more importantly lead to an improved quality of life.
